All vegan/vegetarian menu items are prepared in the same kitchen area where non-vegan/vegetarian items are prepared. Our dietitians have reviewed and approved the following menu items and modifications for vegan/vegetarian selections based on the most current recipes and ingredient information from our food suppliers. Additionally, our culinary team will strive to accommodate your special dietary needs to these currently offered meals. Please be aware none of our food items are certified vegan/vegetarian. Normal kitchen operations involve cross-contact with other foods and, therefore, we are unable to guarantee that any menu item is completely free of animal product and assume no responsibility for guests with dietary restrictions.
